

Yeamin Rabbany

Date of birth: 05/06/2001 | **Place of birth:** Dhaka | **Nationality:** Bangladeshi | **Phone number:** (+880) 1635843399 (Mobile) | **Email address:** yeaminrabbany47@gmail.com | **Address:** 44/1 haji abdul hye road, Jigatola, Dhaka, 1205, Dhaka, Bangladesh (Home)

● ABOUT ME

MSc student in Climate Modeling with hands-on experience in meteorological forecast verification, statistical analysis, and large-scale weather data processing. Skilled in Python programming for meteorological data analysis and visualization. Experienced in evaluating forecast accuracy through hindcasting tropical cyclones and analyzing extreme precipitation events using WRF and MPAS-A models.

● EDUCATION AND TRAINING

27/09/2024 – CURRENT Dhaka, Bangladesh
MSC IN CLIMATE MODELING AND RISK MANAGEMENT Bangladesh University of Engineering and Technology (IWMF)

Final grade 3.50 | **Level in EQF** EQF level 7 |
Thesis Evaluation Of The 2024 Extreme Precipitation Event During Monsoon Season Over the Southeastern Bangladesh Using WRF and MPAS-A Atmosphere Models.

04/02/2019 – 06/05/2024 Dhaka, Bangladesh
BSC IN ENVIRONMENTAL SCIENCE AND RESOURCE MANAGEMENT Mawlana Bhashani Science and Technology University

Final grade 3.65 | **Level in EQF** EQF level 6 |
Thesis Development of Emission Inventory for the Fossil fuel-fired Power Plants in Bangladesh using a bottom-up Emission Inventory Approach.

● WORK EXPERIENCE

UNIVERSITY RESEARCH ASSISTANT – AKM SAIFUL ISLAM – 01/04/2025 – Current – DHAKA, BANGLADESH

1. Conducted climate risk assessments analyzing salinity intrusion, flooding, and water scarcity affecting WASH infrastructure in coastal Bangladesh under UK-funded GCA program.
2. Performed statistical analysis of meteorological data and extreme weather patterns to support climate-resilient water supply and drainage planning.
3. Prepared technical reports with GIS visualizations and trend analysis for Nature-based Solutions in 4 climate-vulnerable coastal municipalities
4. Collaborated with LGED engineers and local stakeholders on integrating NbS into water management infrastructure design.

● CREATIVE WORKS

01/01/2025 – CURRENT
Community Contributor

- Troubleshoot model performance issues and optimize computational efficiency.
- Develop and share Python scripts for meteorological data processing.
- Test new model configurations and validate forecast outputs.

● **SKILLS**

geographic information systems | operating systems | write scientific publications | Windows, GNU/Linux, MacOS | wrf-python, xarray, basemap, cartopy, netCDF4 | Intermediate user of WRF-ARW | Microsoft Word | Microsoft Excel

● **LANGUAGE SKILLS**

Mother tongue(s): **BENGALI**
Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **PUBLICATIONS**

2026
[Sensitivity of heatwave simulation to radiation parameterization in WRF and MPAS-A: A case study over Bangladesh.](#)

Authors: Rabbany, Y., Fahim, S. I., Laskor, Md. A. I. H., Dipu, S. U. A., Bhuiyan, F., and Islam, A. S.: | **Journal Name:** EGU General Assembly 2026 | **Volume, Issue and Pages:** EGU26-16320, 2026

2026
[Hydrodynamic Changes of Estuarine Islands in the Meghna River under Future Climate Scenarios](#)

Authors: Ahmed Dipu, S. U., Gemintang, E., Haque Laskor, Md. A., Bhuiyan, F., Galib Fardin, M. A., Rahman, Md. M., Rabbany, Y., and Islam Fahim, S | **Journal Name:** EGU General Assembly 2026 | **Volume, Issue and Pages:** EGU26-17766, 2026.

● **RECOMMENDATIONS**

AKM Saiful Islam Professor

I find it profoundly pleasing to recommend Md. Yeamin Rabbany for admission to the Graduate program at your university. I have known him as his M.Sc. thesis supervisor and graduate course teacher. Besides, Mr. Yeamin is a Graduate Research Assistant in the ‘Enhancing Climate Resilience with Nature-Based Solutions for Coastal Towns in Bangladesh’ project in collaboration with the Global Center on Adaptation (GCA) where I have supervised his work and have been thoroughly impressed by his analytical skills, research acumen, work ethics and dedication.

Email akmsaifulislam@iwfm.buet.ac.bd

Shimul Roy Professor

It gives me great pleasure to recommend Md. Yeamin Rabbany for graduate studies. As his supervisor on the Carbon Emission Reduction project at MBSTU, I have witnessed his strong command of IPCC-based emission inventory methodologies, his expertise in environmental data analysis, and his ability to communicate complex findings through effective visualizations. Mr. Yeamin possesses the analytical skills, research dedication, and professional maturity essential for advanced academic pursuits.

Email royshimul@mbstu.ac.bd

Tanmoy Roy Tushar Associate Professor

It gives me great pleasure to recommend Md. Yeamin Rabbany for graduate studies, whom I taught Environmental Microbiology and Waste and Effluent Management at MBSTU, where he consistently excelled in laboratory work, independently identifying and resolving a contamination issue during an effluent microbial analysis experiment.
